HALONG BAY, RED RIVER & LAOS MEKONG

VIET TRI TO VIENTIANE - 21 NIGHTS

DOWNSTREAM

For the first-time travelers will be able to explore the key sites of Northern Vietnam by river ship traversing the Red River delta and its main tributaries, connecting the wonders of Halong Bay with the excitements of down town Hanoi, and then on into the interior, well off the beaten track. This is a combination of scenic beauty, lively and interesting (sometimes industrial) life of the river and exploring rivers where no other tourist craft operate.

Combined this with a three-country expedition as we will traverse Laos to touch Thailand and Burma at the once notorious Golden Triangle. From Vientiane, the old French capital, and so redolent of L'Indochine, beyond Luang Prabang, Pandaw is the first river expedition since prewar days to cross all Laos.

This trip included flight between Hanoi and Vientiane or v.v. with a one-night hotel stay.

Silk Path Grand Hue

Hue is unlike anywhere else in the country. Tree-lined streets branch from the winding Perfume River. Tombs and temples lay embedded in the countryside. Pagodas and palaces offer mysterious and enticing atmospheres. The Silk Path Grand Hue Hotel captures all of these elements, wrapped by a broad French boulevard and a snaking canal. The character of the neighborhood – colonial mansions, traditional garden houses and the city's historic train station – inspired the hotel's concept and design.

River Conditions Warning!

The rivers you will sail on are subject to seasonal rises and falls of water level, in some places as much as 30 metres. Water levels can change dramatically overnight and a sudden rise can impede our progress upstream considerably and even prevent us from passing under certain bridges. A sudden fall can result in our being unable to get into certain places or go as far upstream as we would hope. Groundings on sandbars are not infrequent and are part of the excitement of any Pandaw expedition. Published itineraries are indicational only and subject to sudden change. In such events alternative itineraries will be provided and we do our best to ensure that if a stop is missed we make up for it with another stop. Passengers are thus forewarned and expected to be flexible and patient. River cruising in Asia can be a dramatic and adventurous experience - not like cruising the controlled waterways of Europe or America. Note also that we operate in areas with little or no developed infrastructure and subject to the strictures of local officialdom. Be prepared for this and it is all more the fun!
