THE LOWER GANGES & BRAHMAPUTRA RIVER

GUWAHATI - FARAKKA - 14 NIGHTS

UPSTREAM

There can be no river in the world as sacred as the Ganges and an expedition on the Lower Ganges or Hooghly is one of the prettiest river journeys imaginable. The river wends its way through the lush countryside of West Bengal with its culturally significant towns crammed with temples and palaces. A rich and vibrant rural life abounds and there is never a dull moment as we sedately ply this pleasant waterway. Combine this with the mighty Brahmaputra river in Northern India which originates high in the Himalayas before flowing through the scenic Assam Valley where UNESCO protected national parks and remote rural communities provide the traveller with the most wonderful and authentic expedition.

PANDAW STATEROOMS

The Pandaw stateroom is the most celebrated feature of our ships, combining splendid colonial-era character with exquisite contemporary comfort.

Finished in brass and teak, the main and upper deck rooms are a spacious 168 square feet (15.6 sqm), with the exception of the Zawgyi Pandaw which is 150 square feet (14 sqm). As the space is much loved by all our passengers, we have ensured that with each ship we build, the stateroom remains essentially the same. Be advised: our cabins do not have mini-bars, satellite TV's, internet access or telephones. Passengers tend to choose Pandaw in order to escape from the tiresome features found in international business hotels.

TWIN CONFIGURATION

PANDAW SHIPS

RV Kindat Pandaw

The original Kindat was built in 1886 by Yarrows in London and sank in 1920. She was named after a small Upper Chindwin town. Following experiments with the Katha and Angkor Pandaws, in this build we perfected this concept of a two deck shallow draft vessel and repeated the formula again with her sister the Kalaw.

What we managed to produce in 2014 was a very shallow draft vessel that could go just about anywhere anytime that was big enough to carry 30-40 passengers with lots of outdoor deck space. We did this by reducing weight and stripping both hull and superstructure down to the bare essentials.

We had found with the experimental Katha that about half our passengers want to eat outside and the other half inside so we created a flexible bistro space offering passenger indoor or outdoor dining depending on inclination, often prompted by the season. This makes for a very happy ship!

The ship has quality mountain bikes for your independent exploration.

RV Kalaw Pandaw

Sister to the Kindat and identical in design the Kalaw was launched with her in 2014 Kalaw is named after the PS Kalaw launched in 1917 and sunk in 1942 in the War. Paul Strachan witnessed the salvaging of the Kalaw in 1998 and managed to acquire her name plate and bell, the former of which has been reused on her namesake. Again this ultra light ship combines one of the shallowest drafts on the river with one of the highest passenger space ratios afloat.

Welcome to Bhutan! Pick up at Paro international airport. After Lunch in the city, drive on a winding road to Thimphu (one hour), the capital of Bhutan. Visit Tashichho Dzong, Bhutan's most impressive building. It has traditionally been the seat of the Druk desi or 'Dharma Raja', the head of Bhutan's civil government, an office which has been combined with the kingship since the creation of the monarchy in 1907. It houses the throne room of His Majesty the King of Bhutan and is the summer residence of the venerated monastic community. The current Dzong is the impressive result of a redesign of the original medieval structure sanctioned by the Third King, His Majesty King Jigme Dorji Wangchuck, when he moved the capital to Thimphu from Punakha. Meals: lunch depending on arrival time.

DAY 2 THIMPU

After breakfast visit the Memorial Chorten, also known as the Thimphu Chorten, a large Tibetan-style Buddhist Monastery with golden spires and bells. It was built in 1974 to honor the memory of the third King, Jigme Dorji Wangchuck.

Continue to the Folk Heritage Museum: A three storied traditional building houses this museum. Established in 2001, the museum provides a glimpse into the traditional Bhutanese material culture and way of life. The artifacts remind the visitors about how the rural Bhutanese live today.

DAY 3 THIMPU - PUNAKHA

After breakfast, we take the Dochula pass, located 30 km from the capital, on the way to Punakha which offers a 360-degree of beautiful panoramic view of the Himalaya mountain range, . The 108 chortens that adorn the beauty of this place were built by Queen Mother to commemorate the Bhutanese soldiers who were killed when fighting the Indian rebels in 2003. The pass is also popular spiritual place for both locals and tourists because of an important temple that is located on the crest of Dochula pass.

Visit Chimi Lhakhang: located near Lobesa, Punakha stands on a round hillock and is flanked by hundreds of prayer flags. Built in 1499, this monastery is dedicated to Lama Drukpa Kinley or 'the Divine Madman'. An accomplished master of Mahamudra Buddhist Tradition, he is also known as the 'Mad Saint' for his unorthodox ways of teaching Buddhism by singing, humor and outrageous behavior.

Continue to Drukpa Kinley, also a cultural icon in Bhutan around whom countless yarns, fictions, stories and legends have been spun. In founding the site, it is said that Lama Kunley subdued a demon of Dochu La with his "magic thunderbolt of wisdom" and trapped it in a rock at the location close to where the chorten now stands. Meals: breakfast at hotel and lunch box.

DAY 4 PHUNAKA – PARO

After breakfast, visit the Punakha Dzong, also known as Pungtang Dechen Photrang Dzong (meaning 'the palace of great happiness or bliss'), the administrative centre of Punakha dzongkhag. Constructed in 1673, it is the second oldest and second largest dzong in Bhutan and one of its most majestic structures. Punakha Dzong was the administrative centre and the seat of the Government of Bhutan until 1955, when the capital was moved to Thimphu.

Drive to Paro then and visit the National Museum and Paro Dzong. The National Museum of Bhutan is housed inside the revamped circular Ta-dzong building, an ancient watchtower above the Paro Dzong. This unusual round building is said to be in the shape of a conch shell. The original building was constructed in 1656 and then converted into a museum in 1968, housing some of the finest specimens of Bhutanese art, including masterpieces of bronze statues and paintings gathered from different parts of the country.

Some of the handicrafts items cover the history and cultural heritage of more than 1500 years. The National Museum has in its possession over 3,000 works of Bhutanese art, rich holdings of various creative traditions and disciplines that represent a remarkable blend of the past with the present. Paro Dzong is one of the most impressive and well-known dzongs in Bhutan. One of the finest examples of Bhutanese architecture, it is also known as the Ringpung Dzong, which means 'fortress on a heap of jewels'. It is the administrative seat of the district of Paro. The dzong was built in the 16th century and was used on numerous occasions to defend the Paro Valley from invasions by Tibet. Unlike most of the other dzongs in Bhutan, it survived the massive 1897 earthquake mostly unscathed, though it was almost burnt to the ground by a fire in 1907. All-important relics were lost to the fire and nothing could be salvaged except for the Thongdrol, a 20x20 meter-wide Thangka. The Thangka is displayed annually during a ceremony called Paro Tshechu. The Dzong was however rebuilt the following year. Meals: Breakfast at hotel and lunch box.

DAY 5 PARO TAKTSANG SOFT HIKE

Drive to Satsam Chorten for a soft hike to Taktsang Monastery. The name Taktsang means "Tiger's Nest". The monastery is perched on a rocky ledge with a sheer drop of nearly 800m, overlooking the Paro Valley and the river. It is said that in the second half of the 8th century, Guru Padma Sambhava known as the second Buddha in Bhutan, meditated at the spot where the monastery is situated having alighted there on the back of a flying tigress.

The hike takes about 4 hours back and forth. Once you reach the view point of the monastery you have the option to visit the monastery which takes another hour hike.

The first monastery was constructed 1694, but in 1998 a tragic fire destroyed most of the original buildings - which have since been painstakingly restored to their former glory. Later visit Kyichu Lhakhang, a Buddhist temple in Paro. It is one of the oldest monasteries in the country built in the 7th century by the Tibetan King Songsten Gampo. After visit a Farm House where your dinner will be arranged with the local family. Meals: breakfast at hotel and dinner with local family.

River Conditions Warning!

The rivers you will sail on are subject to seasonal rises and falls of water level, in some places as much as 30 metres. Water levels can change dramatically overnight and a sudden rise can impede our progress upstream considerably and even prevent us from passing under certain bridges. A sudden fall can result in our being unable to get into certain places or go as far upstream as we would hope. Groundings on sandbars are not infrequent and are part of the excitement of any Pandaw expedition. Published itineraries are indicational only and subject to sudden change. In such events alternative itineraries will be provided and we do our best to ensure that if a stop is missed we make up for it with another stop. Passengers are thus forewarned and expected to be flexible and patient. River cruising in Asia can be a dramatic and adventurous experience - not like cruising the controlled waterways of Europe or America. Note also that we operate in areas with little or no developed infrastructure and subject to the strictures of local officialdom. Be prepared for this and it is all more the fun!
